Dear Mr. Detrick.:

This letter is in response to your request for records under the California Public Records Act dated August 22, 2013 and received by the Los Angeles County Sheriff's Department Discovery Unit on August 26, 2013.

In your request you are seeking the following:

- Suspicious Activity Reports identifying photographers or photography by the Los Angeles County Sheriff's Department from 2009 to 2013.

Response: Unfortunately, we are unable to provide the requested records. To the extent such records did exist within the Sheriff's Department, they would be investigatory files. Investigations conducted by the Sheriff's Department are exempt from disclosure under the State of California Public Records Act under Government Code § 6254 (f).

- Any and all manuals, power point presentations and any other documents that are used to teach officers at the Los Angeles Sheriff's Department how to identify suspicious activity through Suspicious Activity Reporting (SARs)

Response: We have searched for the records you requested and the non-exempt records are ready for reproduction. In accordance with Government Code § 54985, we are requesting that you reimburse the Department for the cost of duplicating the records.

The cost for reproduction of these records is \$0.75 per order and \$0.03 per page for a total of \$2.55. Please make your check payable to LASD and mail it to: Risk Management Bureau – Discovery Unit at 4900 S. Eastern Avenue, Suite 220, Commerce, California 90040. Upon receipt of your payment, we will forward the documents to you.

A Tradition of Service Since 1850
